Dear Valued Customers:

Re: Airline Fuel Surcharge

To reflect recent increase in jet fuel, China Airlines will adjust its fuel surcharge from USD/CAD1.25/K to USD/CAD1.35/K. This increase will be **effective 16st March, 2022**. It will be applicable to all of China Airlines' air waybills issued in the Americas.

The surcharge applies to the below:

- A non-commissionable fuel surcharge of **USD/CAD1.35/K** will be applied to all CI AWBs **based on the chargeable weight** and the actual flight date.
- Minimum charge shipments are exempted from the surcharge.
- The fuel **surcharge code "MY"** and the applicable amount must be indicated in the "Other Charges" box on the AWB.
In addition, please add the "MY" surcharge amount along with "Total Other Charges due Carrier" in the Collect or Prepaid box of the AWB.

We appreciate your understanding and support.
